

## PremierMiles for Polish Travelers

A new card has launched in Poland in partnership with Citibank. The PremierMiles credit card, designed specifically to meet the needs of Gold category clients and those for whom travelling is an important part of life, replaces the Miles&More card. These cardholders will be able to access unique discounts from 14 international partners, including British Airways, Air France, KLM, Qatar Airlines, Delta Airlines and Hilton or IHG Rewards Club hotels.

Cardholders will collect CitiMiles for each card payment they make - receiving one Mile for every 5 PLN (approx. 1.2 EUR) they spend. These can then be exchanged for airline tickets and accommodation in hotels, which are partners to the PremierMiles program. CitiMile customers will also be rewarded with points for some of their expenses on tickets purchased in other airlines.
